) The proposal of the Municipal Council to ~~fix~~ the number of the ~~Municipal Council~~ for territorial divisions at 32 may be accepted 2) The reservation of three of the seats in favour of Scheduled Castes may also be accepted as it is proportionate to the population of the said scheduled Castes in the City.

3) As regards the actual division of the Wards (territorial Divisions) it is seen that there is a large variation in the population of the said divisions, 6 of the divisions have population between 11000 & 180 19 have population between 18000 & 24000 and 7 between 24000 & 30000. The City Municipal may perhaps be asked to revise the territorial divisions, in a manner that will reduce the disparities in population, as to the extent

These matters — Notifications issues for the several divisions both as respect of delimited areas and others appear to be complete. Under S 10 A, the proposal to notify boundaries should emanate from Govt and the Govt have to consult the Municipal Council and fix the boundaries after such consultation. In the present case also this procedure has to be followed

2) The Electoral divisions have to be called "Wards" and not "wards" as proposed

A copy of a similar notification issued in respect of Mysore City Municipality is required for reference. The administration Secy may be requested to take action as suggested above. He may also furnish copies of notifications referred to above for reference

Sub:- Reconstitution of Municipal Councils - Fixation of Boundary limits

Ref - Letter No 490-93 dated 10-4-56 from the Secretary to Government Local Self Government Department

With reference to the above subject I write to state that in order to decide the question of fixing up the number of territorial divisions a council meeting was held on 27-4-1956 The Council in their resolution No 1 dated 27-4-56 (copy enclosed) have resolved to increase the existing number of Electoral wards from 27 to 32 for the following reasons

According to the Madras District Municipalities Act there were 32 seats in this Municipality - 27 General and 5 reserved seats (out of these, 3 for the Scheduled caste and 2 for women) , Where-as, as per Mysore City Municipalities Act 10-A(3), for each of the territorial divisions, only one Councillor shall be elected As such, there could be only 27 seats unless the number of territorial divisions are increased In order to retain the 32 seats now existing under the Madras Act the Council decided to increase the number of wards to 32 as per section 9(1) of the Act Further, Davanagere Municipality comprises of 29 wards and as Bellary is bigger in area by another 4 Square miles and has an increased population, 32 wards have been proposed A list of wards showing the boundaries is appended herewith A sketch also showing the location of the divisions

P t o

(4) 14

is enclosed noting the number of the divisions

According to section 9(3)(1) of the Mysore City Municipalities Act 1933 the number of seats reserved for Scheduled caste shall bear as nearly as may be, the same proportion to the number of seats fixed under sub-section 1 of Section 9 as the population of the Scheduled castes bears to the total population of the Municipality The total population is 70,322 as per 1951 census Handbook and Schedule caste population is 6,627 Hence it is proposed to reserve 3 seats for Schedule castes as contemplated above These 3 seats will be reserved in the following wards - VIII, XV and XXXI where the Schedule caste population is predominent

I request that the Government may be pleased to approve the above proposal and arrange immediately for the notification in the Official Gazette under section 10(A) of the Mysore City Municipalities Act 1933 Sanction may kindly be accorded early for the number of wards and seats

PROCEEDINGS OF THE URGENT MUNICIPAL COUNCIL MEETING HELD ON 13-8-1956 AT 11-30 A M IN THE MUNICIPAL OFFICE BELLARY

Present - Sri T J RAMAKRISHNA, B Sc ,
Special Officer,

Read -

Letter No L 8184/CM-50-56-6 dated 9-8-56 from the Secretary to Government of Mysore, Local Self Government Department, Bangalore, requesting the views of the Council in pursuance of the provisions of section 10-A of the Mysore City Municipalities Act 1933 to divide Bellary Municipality into 32 territorial divisions in supersession of the existing 27 Electoral wards and also enclosing two petitions received from the residents of Bellary City for disposal

Office note placing the subject before the Council for its views

RESOLUTION -

Resolved to consider the two petitions sent as an enclosure to the letter, requesting to reallocate the proposed Territorial Divisions The Adoni Madigageri, and the Cuddapah Madiga cheri now included in the proposed 30th Division may be excluded from the said Division and added on to the thirty first division as the two madiga cheris are contiguous to the latter division which is reserved for the Scheduled caste Though the addition of the two cheris to 31st Reserved Division increases the population of that Division from 2885 to a little more than 3000, the 30th Division in its present reduced size after the exclusion of the two cheris may be retained, as its population will not fall below the minimum of 1800 as fixed by the Council in its resolution No one dated 23-6-1956, as suggested by the Government in their letter dated 16-6-1956

It is not correct to say that the area bounded by Dalwala street, Market street, Cowl Bazaar Main Road and Old Market Street and which is now included in the proposed 28th Division is not contiguous to the said Division But its exclusion from the 28th Division and its addition to the proposed 27th Division will not increase the Disparity in the population of the two Divisions very much Probably the population of the 28th Division, after the area is excluded from it, will go down from 2150 to 2000, whereas the population of the 27th Division after the inclusion of the area to it will go up from 2169 to 2309 The population limits of the two Divisions are in conformity with the principle adopted by the Council on 16-6-1956 Hence the Council accepts the proposed exchange of the area from the 28th Division to the 27th Division

The other proposal to exclude a northern portion of the proposed 27th Division and to add it on to the 26th Division is impracticable as the area proposed to be excluded from the 27th Division touches the proposed 26th Division at a single point and not along the boundary line common to the 27th & the 26th divisions Hence the proposal is not acceptable to the Council So the proposed 26th Division will stand unaltered

As regards the point raised in the other petition signed by the ex Municipal Councillors that "it would have been possible to increase the Divisions from 27 to 32 by splitting some of the thickly populated existing wards", it is seen from the enclosed list of the existing Electoral wards of 1952 showing ward-war population, that the five wards viz seven, nine, ~~sixteen~~ nineteen, eighteen and twentyseven are the most thickly populated wards and they cannot be split up without increasing the disparity in the populations of the Divisions which will be contrary to the instructions issued by the Government in their letter 4722 9 CN 50-52-3 DATED 16-6-1956 Hence the suggestion is not acceptible to the Council

P t o

Under Section 10-A(3) of the Mysore City Municipalities Act, only one Councillor shall be elected for each of the territorial divisions Had existing 27 electoral wards been kept up, the strength of the Council would have been reduced from 32 to 27 In order to keep up the strength of the Council at its present strength viz 32, the number of the territorial divisions has been increased from existing 27 to the proposed 32 divisions, Consequently this necessitated the change in the boundaries of the Territorial Divisions for Elections

The Council is of the opinion that the proposal to divide the Bellary City Municipality into 32 Territorial divisions as in the enclose statement in which has been incorporated the change of boundaries between the 30th & 31st Divisions and also between the 28th & 27th Divisions, in supersession of the existing 27 Electoral wards may kindly be approved by the Government, and the boundaries of the 32 Divisions fixed may be notified in the Official Gazette dated 16-8-1956, failing which the boundaries may be notified by Government in an Extraordinary Gazette not later than 18-8-1956 Such publication is absolutely necessary for the reasons clearly set forth in the Demi Official letter dated 11-8-56 of the Municipal Commissioner to the Assistant Secretary, Local Self Government Branch, copy of which is enclosed herewith for ready reference

O R D E R:-

The Bellary Municipal Council has proposed that three seats may be reserved in the Council for members of the scheduled castes and that these seats may be allocated to the proposed ward Nos VII, XVII and XXVI It is also proposed that two seats may be reserved for women in the proposed ward Nos XVI and XVIII As reservation for scheduled castes should be made in wards where they have maximum voting strength Government consider that reservation proposed in ward XVII should be shifted to the proposed ward No XVI thus reserving seats for scheduled castes in ward Nos VII, XVI and XXVI As a seat for the members of the scheduled castes is proposed to be reserved in ward No XVI Government consider that a seat should not be reserved for women in the same ward They therefore propose to allocate the reserved seat proposed for women in ward XVI to the proposed ward IX

Sir,

Sub Re-allocation of Municipal Divsions of Bellary-City

We beg to submit the following few lines for your kind consideration and needful action

We are given to understand that the Municipal divisions are re-allocated into 32 divisions for the ensuing Municipal elections

This re-allocation has been done when there is no elected representative body, wer h whereas it could have been done when the council i e the elected body was in office Thus, it is a great injustice to the entire population of the city as the concensus of the representatives of the public was not given an opportunity to put forth its opinion

Further, all most all the 27 wards of the previous election have been meddled with to form the proposed 32 divisions where as it would have been possible to increase the divisions by spilitting some of the thickly populated existing wards by which the confusion could have been eb obviated and continuity of the divisions could have been maintained

In this connection we would like to represent that this re-allocation appear to have been done on the direct instigation of some of the Kannada leaders who have no lead and majority in this city This fact may as well be verified with the polling figures of the recent Bye-election

Added to all this, we represent that with a view to perpetuate confusion and distortion, certain popular divisions from whe which Andhra candidates were bound to come out successfull, have been tagged on to reserved wards of the scheduled castes in guise of uplift of representation of the scheduled castes

Under the circumstances stated supra, we strongly protest to this re-allocation and request the Government to be impartial and do justice by taking the opinion of the previous councillors who represent the city and by perusing the previous divisions made during 1951, when the re-allocation wad done by a committee appointed by the then council

Yours Faithfully,

Sri.T K.Kannan, B A ,
COMMISSIONER.,

Office of the City Municipality
BELLARY.

Dear sir,

Sub:- Bellary Municipal Administration - Personal discussion on some urgent matters - Municipal Election - Publication of Territorial Divisions - urgent.
Ref:- Your D O.No L 8064/L-M-1 dated 7-8-1956 & letter No.L.8124/CM-50-56-6 d/9-8-56.

I am in receipt of your D.O. letters quoted above in respect of the above subject and after seein the stages of pendency of the subjects I find that there is no necessity for the Special Officer and ~~Mysore~~ self to go over to Bangalore However, I am of opinion that the matter relating to the conduct of Municipal Election is of extreme urgency and that it requires top priority attention by the Government. I am sure you have been impressed by my note about this impending Election which was sent as an enclosure to the D O l tter No.2490/18-7-56 from Sri T J Ramakrishna, Special Officer, of this Municipality As regards the remarks called for in your letter No L 8184/CM-50-56-6 d/9-8-56 the views of the Council will be obtained and sent on 13-8-1956 In this connection I write to bring to the kind notice of the Government that the appointment of the Special Officer vide Government Notification No.L 9416/ML-207-55-3 dated 29-10-55 expires by the end of October 1956 and as such Municipal Election should be conducted before the said date Time is required for preparation of election rolls and getting them printed well in advance. According to Rule 2 of the Election Rules relating to a City Municipal Council, the Election Rolls should be published ward-war in each ward atleast two months prior to the date of expiry of the term of the Special Officer. According to this the last date is 31-8-56 This work could be undertaken by the Returning Officer only after the Government Notification of the Wards

Though today is the 11th so far no such Notification has been received and I feel that unless the Notification is published atleast in the 16th Gazette or in the Extraordinary Gazette by 18-8-1956 it will be impossible to conduct the Municipal Elections as I require not less than a fortnight for preparation of Election rolls ward-wise and also getting them printed locally covering about 80,000 population and 16,000 houses. The local printers whom I have consulted are of opinion that it will not be possible to get the rolls printed unless time for a fortnight is given. In view of this I bring to your kind notice that if the wards are not notified by the Government well in advance as suggested above it will not be possible to attend to this voluminous work of preparation and printing of rolls within a few days and prior to 31-8-56 as contemplated under rule 2 of the Election rules. My main purpose of this letter is to bring to your kind notice the urgent necessity for the Notification of the Wards before 16th or 18th of this month, the latest.

As regards levy of Octroi, I request your kind orders at an early date since the financial position is deteriorating day by day.

I request that early orders of Government in this behalf may kindly be obtained and communicated at an early date.

Yours sincerely,

T K Kanman
